*The Caribbean at its best!*

The Island offers many scuba diving opportunities ranging from beginners to the experienced certified divers.

Trips start daily and usually last about 4 hours however, overnight cruises to nearby islands are also available. Tours supply all the gear that you will need although

you can certainly use your own mask and fins. Wet Suits generally are not needed but depending on the depth of dive that you are planning, you may want to bring at least a wet suit jacket or vest.

## *Dive and Snorkel!*

There is an abundance of beautiful marine life to be seen in the surrounding waters. Care must be taken to avoid enticing or touching anything as some species can be poisonous or down-right dangerous to be around. It is highly recommended that you dive with experienced guides only. If you are not up for Scuba Diving, Snorkeling is another fantastic way to enjoy this wonderful underwater world!
